歡迎試用

Mainstream vs Obscure Journals

- * There are **12,000 Publishers** that publish around **55,000 Journals** (english) global
- * 總共有**12,000**出版社每年出版**55,000**筆期刊
- * **Mainstream Publishers** (Elsevier, Springer, Wiley, T&F, Sage, Emerald, etc) own around **25,000 Journals**
- * 主流大型出版社(Elsevier, Springer, Wiley, T&F, Sage, Emerald, etc)擁有約**25,000**筆
- * **Obscure Publishers** (very small publishers) own around **30,000 Journals**
- * 小型出版社擁有約**30,000**筆

Impact Factor (IF) 與 Scimago Journal Ranking (SJR) 是甚麼與我們該注意此事?

- * IF and SJR of a given Journal are calculated annually based on the total number of Citations received in that Journal
- * IF與SJR是用來衡量每年此期刊被引用與的指標，用來衡量期刊影響力的指標。
- * These are Indices developed to help determine the **Popularity** of a certain Journal
- * 於是就有了許多指數可以來預估此期刊是否受歡迎。
- * These methods of calculation affect Publishers' decision in the way they accept Articles (commercial publishers want to maintain or improve journal ranking)
- * 這些計算方法導致許多出版社訂下了何種期刊可以被它們收錄(商業出版社希望可以維持或增加他們的期刊評比分數)
- * IF and SJR divides the Publishers into **Mainstream** and **Non-mainstream (Obscure)**
- * 於是IF與SJR這兩項指標變將出版社分為主流出版社與非主流出版社。

沒有圖書館可以訂閱所有的期刊

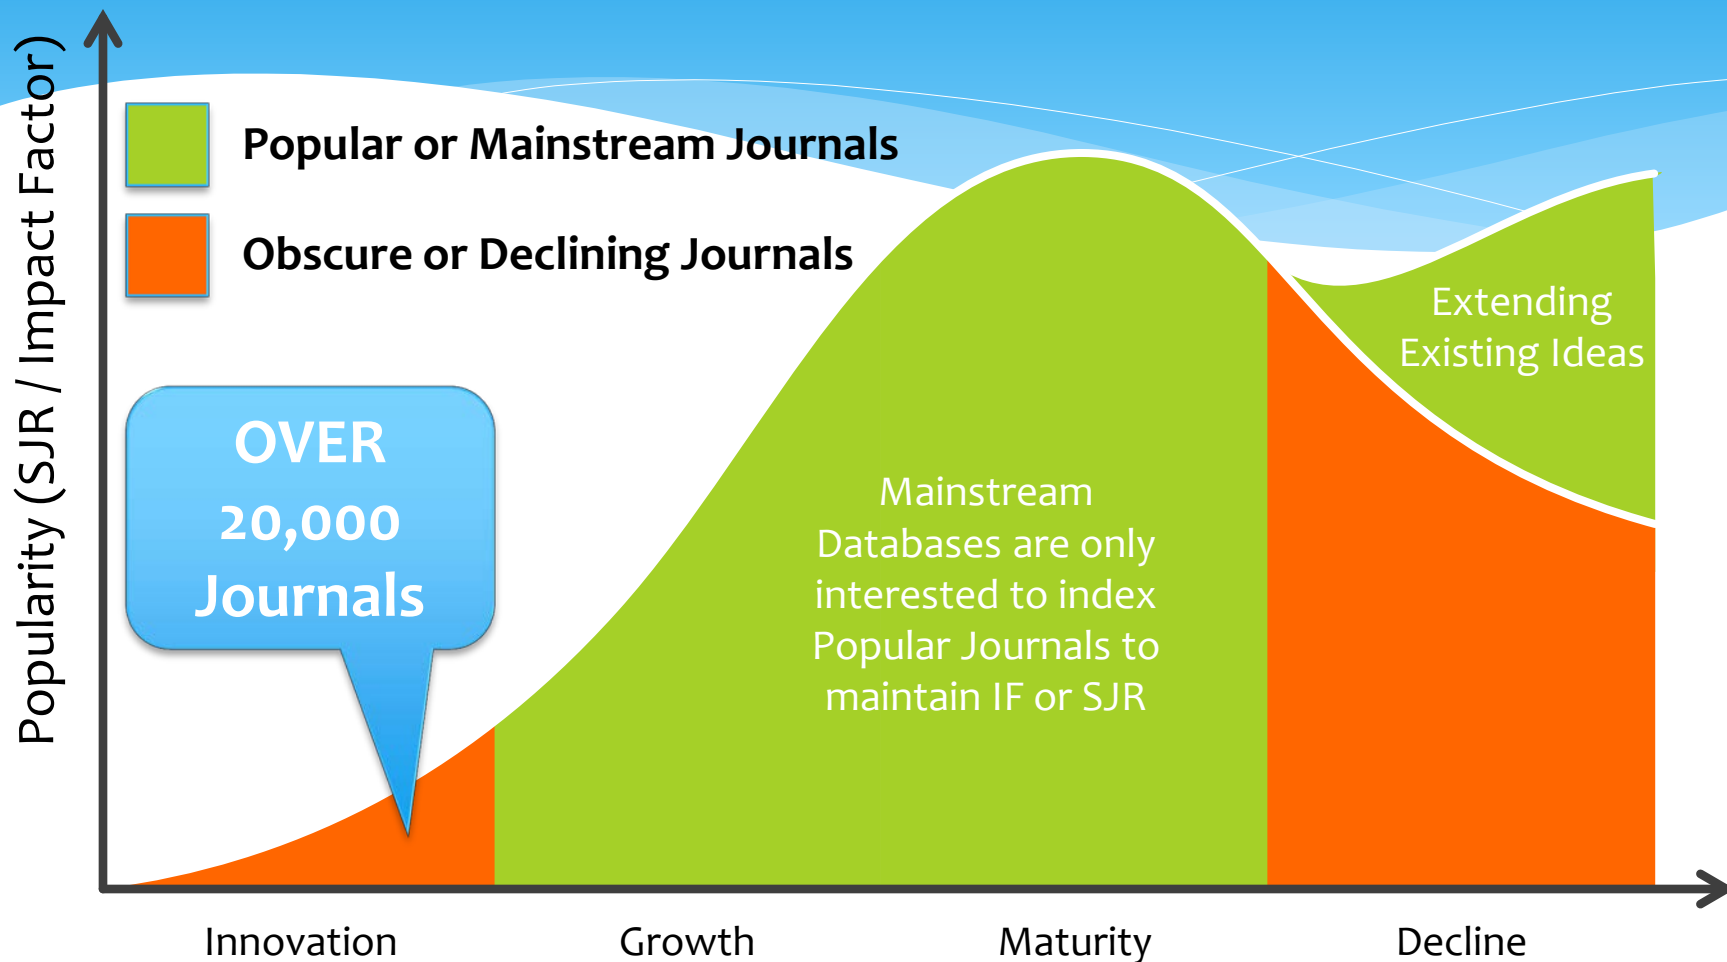

- * Databases are an Essential Tool for all Researchers
- * 資料庫對每個研究者來說都是必須的
- * Researchers need to rely of a number of databases to help the find Articles that support their research
- * 研究者需要許多的資料來佐證他們的研究成果
- * However, most databases only index Mainstream Journals
- * 然後多數資料庫只會將主流期刊納入索引
- * Coverage is just not good enough to adequately support Researchers
- * 覆蓋範圍的資料量並不足夠支持許多研究者

新點子與破壞式創新從何而來？

- * Mainstream publishers want to protect their Journal Ranking and are hence adverse to accepting papers with unproven or unpopular ideas
- * 大型主流出版社希望保護它的期刊評分所以不會接受未經檢驗與不夠受歡迎的想法
- * Breakthrough Ideas or Future Innovations are typically published in **Obscure Journals** first
- * 那些創新想法與創造發明的都是先來自小型期刊

Innovation & Research Life Cycle

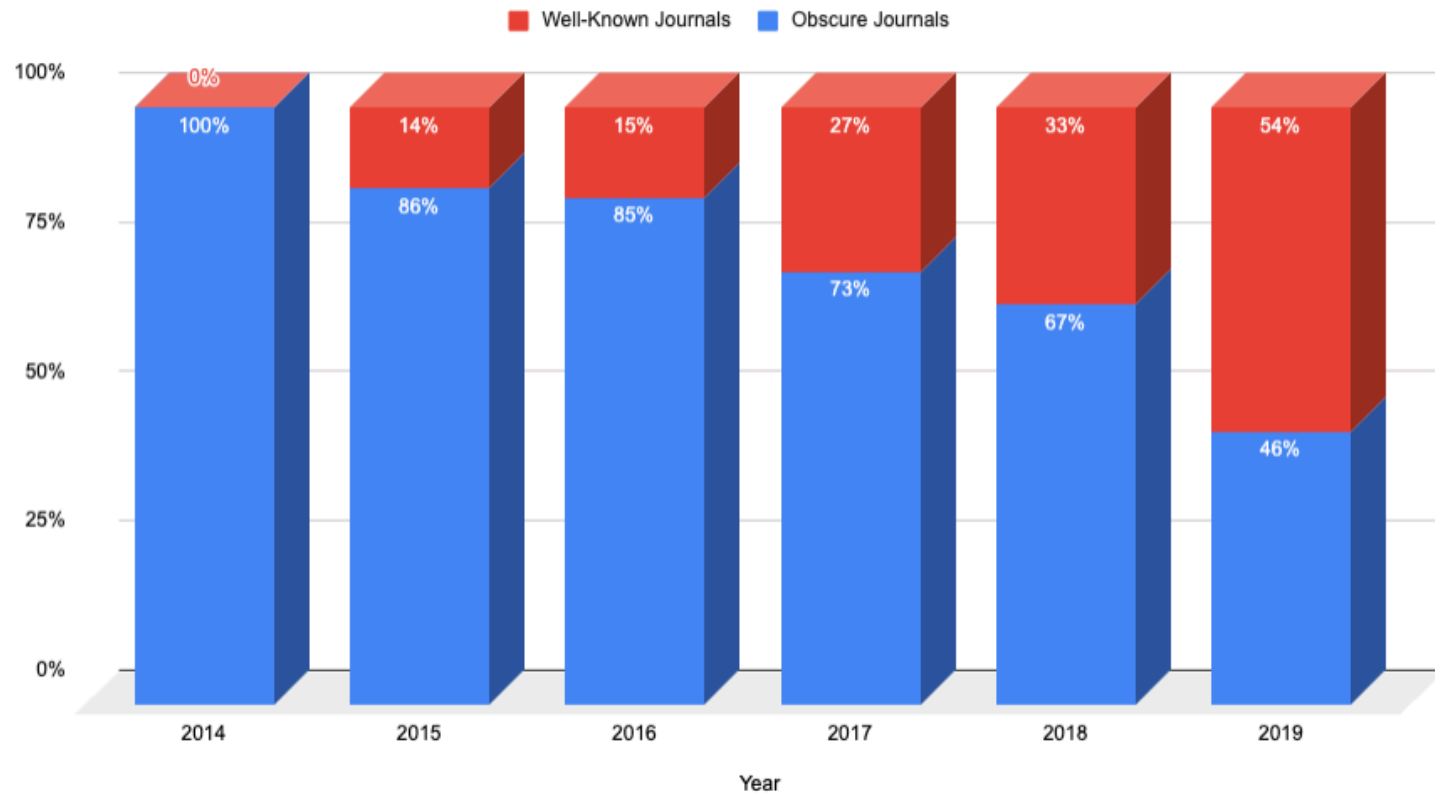

創新與研究的關係循環

Breakthrough Ideas and Innovations are Found in Obscure Articles

創新的想法與發明都是先來自無名氣文章

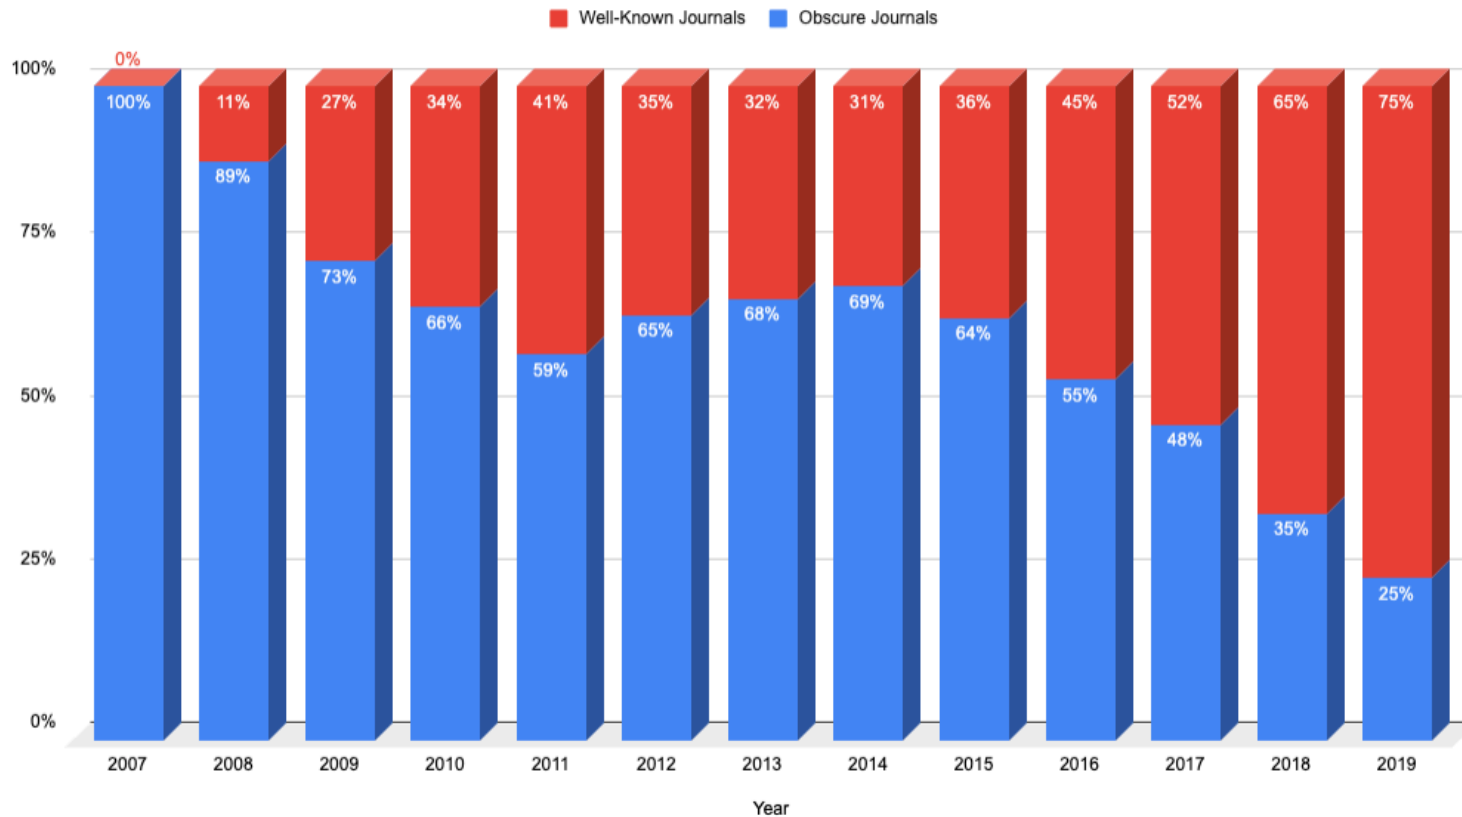

Where are Blockchain technology papers being published?

Breakthrough Ideas and Innovations are Found in Obscure Articles

創新的想法與發明都是先來自無名氣文章2

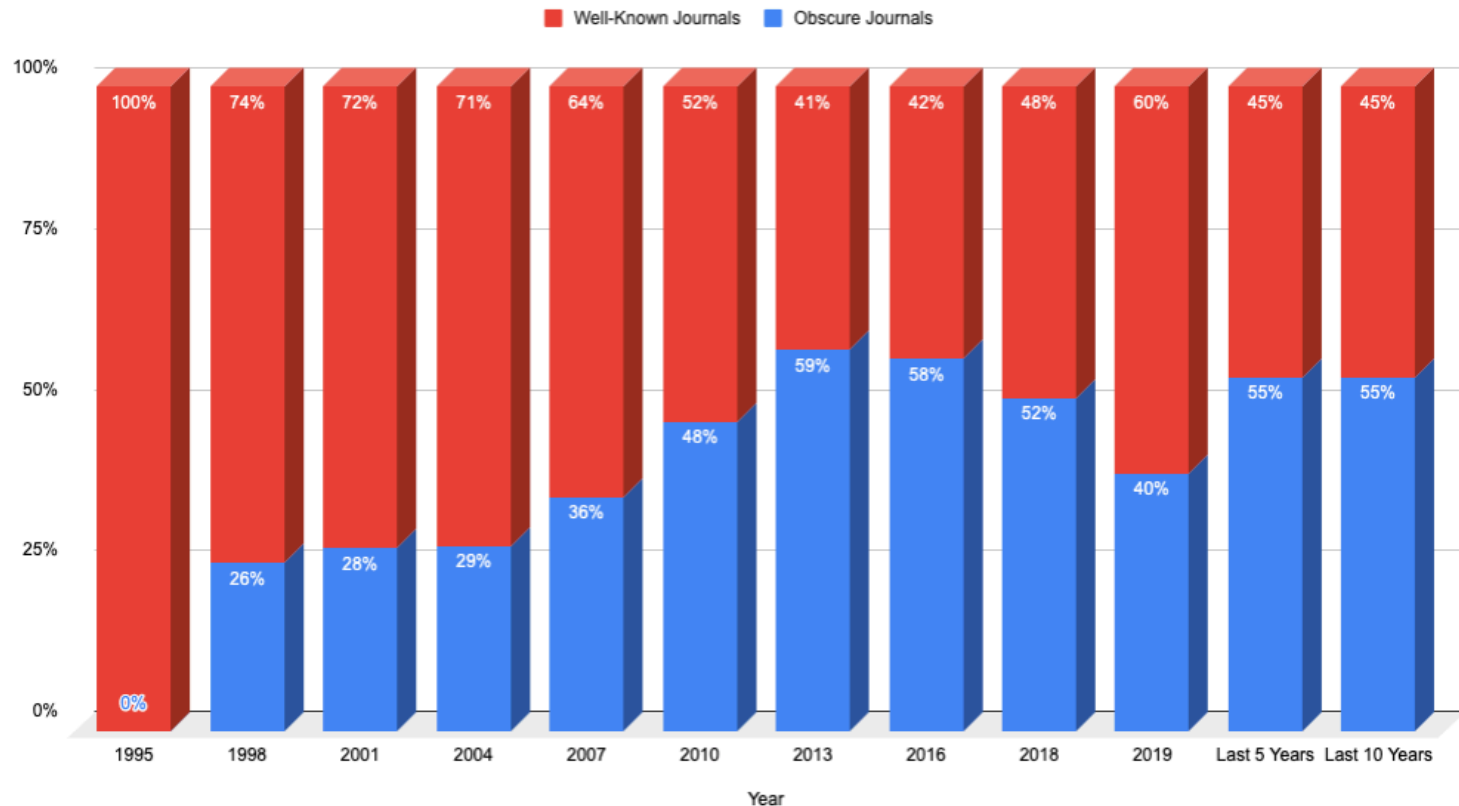

Where are Cloud Computing technology papers being published?

Declining Ideas and Innovations are also Found in Obscure Articles

討論度開始下滑的主題與創新都可以在不知名期刊找到

Where Is Agricultural Biotechnology Research Being Published?

然而，要做到建立龐大的期刊資料庫實在不容易

- * How can you Bridge the Knowledge Gap between the “Haves” and the “Have-nots”?
- * 要如何建構一座橋梁連接”已擁有”與”未擁有”的期刊?
- * How can you Level the Playing Field and Stay Competitive?
- * 那要如何讓維持競爭力與足夠的資料庫呢?

讓jGate來幫助您!

jGate可以立即增廣您的期刊目錄!

- * 55,000 Academic Periodicals 筆固定出版系列期刊 (25,000 OA and 8500 Hybrid)
- * 63.5M Abstracts and Index 63,500,000 的筆摘要與文章
- * 13.5M Full Articles 13,500,000 筆完整文章
- * 10,000 Articles added daily (No Embargo) 每日加入 1萬筆文章
- * **Fully Curated** English Language Journals 經過妥善整理的英文期刊
- * Powerful yet easy to use Discovery platform 強大與簡易使用的介面

Content Sources 內容來源

(12,000+ 出版社 來自 135 個國家)

前10名期刊出版來源國	前10大出版社
United States 美國	Elsevier
United Kindom 英國	Wiley
Netherlands 荷蘭	Springer Nature
Germany 德國	Taylor and Francis
India 印度	Sage
Switzerland 瑞士	Oxford University Press
Japan 日本	American Chemical Society
Australia 澳洲	LWW
Canada 加拿大	Nature
Brazil 巴西	IEEE

jGate 幫您盡快找到您需要的期刊

- * Access to over 13.5M Free Articles through one Platform!
- * 透過jGate平台閱讀超過1350萬筆免費文章
- * Hybrid Journals
 - * Over 8500 Commercial Journals contain Free Articles that are “Invisible” to the Users
 - * jGate’s Curation Technique Identifies these Articles and make them visible to the Users

* **Requests Articles directly from Authors**

* **提供作者資料，可直接寫信聯繫作者索取!**

The screenshot shows a journal article page with the following details:

- Title: Beyond Agricultural Innovation Systems? Exploring an Agricultural Innovation Ecosystems Approach for Niche Design and Development in Sustainability Transitions
- Journal: Agricultural Systems, Vol 164, Jul 2018, PP: 116-121
- Author: Ashlee-Ann E Pigford; Gordon M Hickey; Laurens Klerkx
- Author Email: laurens.klerkx@wur.nl
- Affiliation: Department of Natural Resources, Faculty of Agricultural and Environmental Sciences, McGill University 21,111 Avenue Ste-Anne-de-Bellevue, Quebec H9X 3V9, Canada
- Source Ranking: SJR:0.965; H-Index:82.0; M-Index:1.0
- Type: Journal Article
- Keywords: Agricultural Innovation Ecosystems; Socio-Ecological Systems; Mission Oriented Innovation

A green callout box labeled "Author Contact" points to the author information.

Powerful Usage Reporting Tool

有效的使用數據報告

- * jGate Shows you which Journal is important to Users
- * jGate 幫您統計哪筆期刊點閱數最高!
- * jGate Provides One Single Report on Journal and Publisher Usage!
- * 並提供您每月使用紀錄供您參考

The screenshot displays the jGate Usage Reporting Tool interface. It features two main sections: 'Data Usage Report' and 'Counter Report'. The 'Data Usage Report' section is active, showing a 'Usage Reports' header and a 'Publisher Usage' report. The report includes a date range selector (From: 01/04/2019, To: 01/08/2019) and a 'Report Type' dropdown set to 'Publisher Usage'. Below the report is a table with columns 'Sl. No.', 'Publisher Name', and 'Hits'. The table lists 14 publishers, with AME Publishing Company and American Chemical Society having the highest number of hits (3 each).

Sl. No.	Publisher Name	Hits
1	AME Publishing Company	3
2	American Chemical Society	3
3	American Heart Association	1
4	American Scientific Publishers	4
5	BioMed Central Ltd	
6	BMJ Publishing Group	
7	Cambridge University Press	
8	Central Bohemia University	
9	Centre of Sociological Resea	
10	Cosmos Publishing Cooperat	
11	Dove Medical Press Ltd	
12	Elsevier Science	
13	Empyrean Institute of Higher E	
14	Formosan Medical Associati	

The 'Counter Report' section is also visible, showing a 'Usage Reports' header and a 'Journal Usage' report. The report includes a date range selector (From: 01/04/2019, To: 01/08/2019) and a 'Report Type' dropdown set to 'Journal Usage'. Below the report is a table with columns 'Sl. No.', 'Journal Name', and 'Hits'. The table lists 15 journals, with ACS Sustainable Chemistry and Engineering having the highest number of hits (1).

Sl. No.	Journal Name	Hits
1	ACS Sustainable Chemistry and Engineering	1
2	Applied Economics	1
3	Arteriosclerosis, Thrombosis, and Vascular Biology	1
4	BMC Nephrology	1
5	BMJ Open	1
6	Botanical Studies: An International Journal	1
7	Cambridge Journal of Economics	1
8	CBU International Conference Proceedings	1
9	Chaos, Solitons and Fractals	1
10	Cosmos and History	3
11	Cybersecurity	1
12	Economics and Sociology	1
13	Economics Letters	1
14	European Psychologist	1
15	Geneva Papers on Risk and Insurance: Issues and Practice	1

J-Gate is a Must-have Research Tool
jGate是您必須擁有的工具

Reduces Journal Expenses and
Improves Research and
Innovation

減少期刊花費並完善您的研究與
創新

Summary

- * jGate instantly adds 55,000 Academic Periodicals to your Library's Collection with access to 13.5M original full articles
- * jGate 立即幫您增加55,000系列期刊至您的收藏中與1.35千萬筆文章
- * jGate Can Reduce your Journal Expenditure
- * jGate可以減少您在期刊上的花費
- * jGate Consolidates Journal Usage Activities into One Report
- * jGate 幫您整理所有使用數據報表供您參考
- * jGate provides the best Journal Coverage for your Researchers across all disciplines
- * jGate涵蓋了各主題最完整的期刊資料
- * jGate Discovers more “New and Innovative” Articles compared to other mainstream databases
- * jGate 發掘更多新概念與創新的文章!

J-Gate Covers your Journal Gap and Reduces Journal Expenditure
